## THANK YOU

We cannot eliminate the risk of someone contracting the virus on site. We **CAN** do all we can to reasonably mitigate the risk.

Student and staff health, safety and well-being remains a priority and we will closely be monitoring students on their return to sixth form.

Although we are doing our best, we cannot guarantee strict adherence to social distancing measures and consequently families with clinically extremely vulnerable individuals in their household should make an informed judgement about whether to send their child back to sixth form at this stage.

**Thank you for your continued support.**
