

## **Therapeutic Radiography Open Evening**

**Wednesday 8<sup>th</sup> October, 17:00-19:00**  
**Radiotherapy Department, Osborne Building**  
**Level 0**  
**Leicester Royal Infirmary**

## **Thinking about a career in therapeutic radiography?**

Learn what it's like working in a specialist cancer treatment centre, including:

- Life as a student radiographer and what you'll do on placement.
- A tour of LRI's radiotherapy facilities and explanations of how radiotherapy machines and scanners are used to plan and deliver cancer treatment.
- Meet specialist radiographers and staff to learn about different roles and careers.

### **Who should attend?**

Anyone who's considering studying towards an undergraduate degree, masters degree, or apprenticeship in therapeutic radiography:

- College or sixth form students considering their university options.
- GCSE students considering their A Level, BTEC or other Level 3 choices.
- Career changers or anyone else considering a career in radiography.
